

VIDEOWALL FRAMES FOR FIXED INSTALLATION

TY-VW55FFX

Ideal for fixed installations of Panasonic seamless videowalls in sectors such as retail, our specially designed brackets offer you a complete solution that you can customise according to your individual needs.

The push to open system offers the possibility to integrate the display in any wall with an easy way to access and maintain even in very large videowalls.

Panasonic is offering a complete solution that you can customise according to your needs.

- TY-VW55FFX1 Fixed installation videowall frame for Panasonic seamless 55" display x 1
- TY-VW55FFX2 Fixed installation videowall frame for Panasonic seamless 55" display x 2
- TY-VW55FFX3 Fixed installation videowall frame for Panasonic seamless 55" display x 3
